

St. Patrick School Booster Club Membership

The St. Patrick Booster Club is now open to all extracurricular activities at St. Patrick School! That means if you have a student participating in ANY extracurricular activities at St. Patrick School (sports or after school clubs) you are already a member of the Booster Club. We want to thank you in advance for your support of this program at St. Patrick School.

There is no set fee for Booster Club membership. Instead, there is a small participation fee for some extracurricular activities. If your student participates in sports, there will be a \$10 per sport/per student fee to help pay for officials, coaches, event entry fees, updating uniforms, etc. If your student participates in after school clubs, there will be a \$5 per club/per student fee to help pay for instructors (if applicable), materials, etc. We are trying to be sure that fees are at an absolute minimum for families and that all students have the opportunity to participate. If a fee is prohibitive for participation in activities, please contact the school office.

Donations to St. Patrick School Booster Club are always appreciated!
