

St. Patrick Catholic School Athletic Guidelines and Participation Agreement

St. Patrick Catholic School athletic goal is to provide all athletes the opportunity to grow in skills of the game and grow as a young Christian.

School Attendance/Eligibility

I agree that to take part in or practice for any school activity on a school day, I must be in attendance for a half day. If I am sick during the school day, I may not attend the day's sports practice or event.

I agree that if I cannot attend a practice or need to arrive late or early, I will bring a written note from my parent to the coach.

I agree that due to low numbers of athletes in each sport, it is important that all athletes attend the sporting event to which the team is committed and give this priority over other outside activities or teams. I understand that athletes, who choose to skip the scheduled team event, even possibly causing the team to forfeit due to low participation, may not participate in the next scheduled event, unless authorized to so do by the head coach or athletic director.

If I get a detention or receive an in-school suspension for a disciplinary reason, I agree that I am ineligible to practice or participate in the event the day of the suspension or detention, but will need to attend the event with the team.

I will abide by the academic eligibility policy listed in the student handbook.

Responsibilities

I assume complete responsibility for all clothing and equipment issued to me and will pay replacement costs for any item(s) damaged or lost. All uniform or sports-provided clothing garments are to be worn only for school sports events as specified by the coach and athletic director, and not as regular clothing at other times. At the end of the season, I will return all equipment cleaned and/or repaired to the coach.

I agree to cooperate and respect my coaches, chaperones, or drivers and respect all decisions of the officials.

I agree that as a participant or spectator, I will act in an appropriate manner, showing good sportsmanship at all times and being a positive representative for St. Patrick Parish, St. Patrick Catholic School, my family and myself.

Team

I understand there is a valuable learning experience in being part of a team. I understand that all students should have the opportunity to build skills and participate but not always at an equal level. Playing time will be at the coach's discretion.

I agree to the above statements and will do my best to follow the guidelines established by St. Patrick Catholic School Athletics.
